

A TRIBUTE TO NIPSEY HUSSLE
(AN IMITATION OF WILLIAM
WORDSWORTH POEM
"LONDON, 1802")

BY: PRISCILLA ORTEGA

Hey Hussle! We need your light of
guidance

"WORDS OF ENCOURAGEMENT
FOR THE YOUTH OF SOUTH
CENTRAL, LOS ANGELES"

OH HEY HUSSLE!
MOTIVATION, DEDICATION, SELF-
TAUGHT, STAPLES THE HEART OF
YOUTHS
TO TEAR DOWN THE GANG VIOLENCE IN
RETURN FOR OCEAN VIEWS

NIPSEY'S "OCEAN VIEWS"

South Central's pothole streets and poverty increase is Trump's silence

No wonder black and brown allies act defiant

Blue Laces 2 demonstrated the truth of the government's ignorance embedded in their shoes

Oh Hussle! Come back and plug out exploitation like a wisdom tooth

The Marathon Continues is the community's reliance

"Poverty Increase"

"POLICE BRUTALITY"

Marking meteor streets where a blue rag
continues to unfold

In a genie bottle, the blue rag transforms
into different patterns

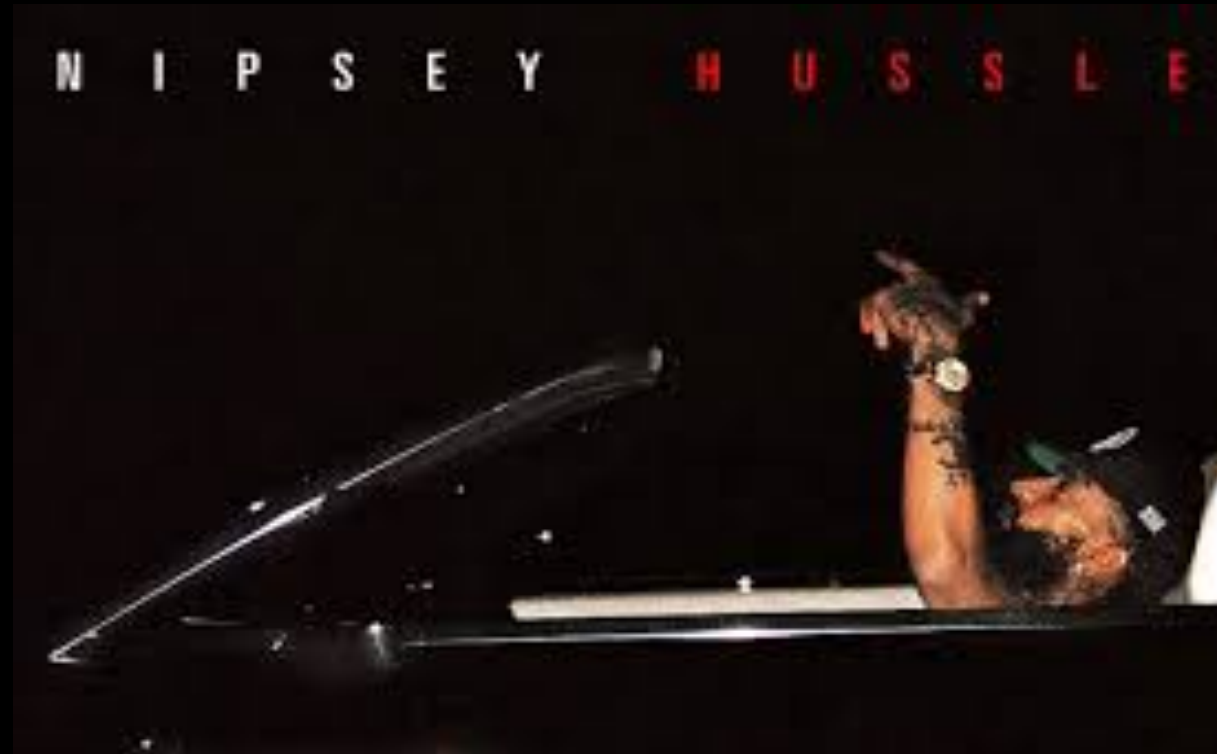

Thinking it's a matter of color, but kills
stereotypes of the black man, the people are
flatter

A disillusion to the police is carried by your spiritual inspiration
Grinding, racing, and hustling is retold
By the same people you once admired, your legacy is our salvation!

"Grinding" An album dedicated on making out of South Central

OH HUSSLE! RAISE UP, WE
NEED YOU
